## Scarlett Rose

Cirque Performance

Scarlett Rose is a multidisciplinary artist from Kijipuktuk/Halifax, Nova Scotia. With a decade in the local entertainment industry under her belt, she has developed and performed hundreds of acts with numerous agencies across five provinces. From sold out stages to small community events, Scarlett highlights the importance of play and the joy it can bring to audiences young and old.

Making the best of her background in dance and theatre, Scarlett's first forays into the arts have since expanded to include multiple circus disciplines; flow arts, fire, dance, and showgirl and character work. Known for her dynamic and energetic style, Scarlett transports her audience to new worlds regardless of context and apparatus.

This weekend, Scarlett presents an ambient demonstration of flow art disciplines. Flow arts is defined as a movement based art form that combines dance and prop manipulation. The examples provided in this showcase will focus mainly on the props of hula hoops (cirque style) and veil fans.

## Atlantic Canada Spring Scent Detection Challenge

The Atlantic Canada Spring Scent Detection Challenge is thrilled to return to the The Atlantic Outdoor Sports & RV Show.

Watch everyday pets search the arena for hidden scent. See if last year's champion is able to hold on to his title. Have a favorite dog in the competition or a favorite breed? Be sure to vote for the audience choice award.

Our competitors this year are traveling from all over Atlantic Canada. The breeds coming out to play may be ones you'd never suspect to excel in this sport (maybe you'll find a sport that your dog will love).

Jean-Marc Dugas is returning as our head judge. He is known for his creative way of hiding scents in the arena to test the dogs and the handlers.

### About Barb Deg and Front N'Scenter Animal Behaviour & Consulting

Barb has spent the past 20+ years working with pets in a professional fashion. She found a love of scent work when she retired her irish setter from field work. She honed her skill and has been teaching scent work for the over 10 years. Her scent work classes and instruction have been sought out for recreation, for sport, and have been a part of veterinary recommended treatment plans.

Barb is widely recognized as an industry expert in animal behaviour. She has worked with dogs, cats, and parrot species.

"Rainbow" is back to greet the crowds again in 2025. He is Barb's English Setter that works as a helper dog for behaviour consultations. Rainbow takes Barb upland hunting in the fall. He has also started field trialing in wild bird trials.

## Pointing Dog Demo

Courtesy of the Bluenose Chapter of NAVHDA

Members of the Bluenose chapter of the North American Versatile Hunting Dog Association are happy to join the Atlantic Outdoor Sports & RV Show in 2025 to demonstrate the usefulness of a trained hunting dog. The pointing and versatile breeds work with their handlers and owners to hunt upland game as well as waterfowl. They also work in recovery of other game.

These dogs are trained and tested in their cooperation, use of nose, pointing ability, obedience, steadiness, tracking and game recovery. The versatile abilities of these dogs also enables them to be genuine partners in conservation.

Members come together through the spring and summer to train their dogs during group training days. The comradery of the training days leads to lifelong friendships between members and the training connections go far between the scheduled training days.

Dogs and owners from the club, not only test in the NAVHDA test stream, but can also be found in CKC pointing events, American Field trials, other dog sports, out hunting during hunting season, guiding, and as family companions.

While training is focused on the pointing and versatile breeds, the club welcomes members from anyone with an interest in training a hunting dog.

# RV Cooking with Leanne Penney

Hi, everyone! I'm Leanne Penney, an Executive Director with Epicure, and I've been an independent consultant for more than 20 years. At Epicure, we are a community that unites and inspires each other to rally around clean eating. We are dedicated to sharing delicious meal solutions that use only real, whole ingredients you can trust, while never ever compromising on taste. Since being founded in 1997, Epicure has seen continued success and growth in Canada through our 24 years and has become a market leader in the Direct Sales industry.

**Cooking from scratch can be quick, easy and delicious!** I offer complementary, experiential cooking classes that simplify all aspects of healthy meal prepping for time starved Canadians. These fun, good food experiences share how you can put a meal on the table, from raw to ready, in 20 minutes or less! I'm passionate about bringing families back to the dinner table to enjoy real food, by helping people learn how to cook confidently using Epicure's premium quality, gluten/nut free, low in sugar/salt seasonings and time-saving cookware.

## White Fish with Creamy Creole Sauce

### For the Fish:

4 fillets  
2 tbsp olive oil  
1 tsp paprika  
1 tsp garlic powder  
1 tsp onion powder  
½ tsp cayenne pepper  
Salt and pepper to taste

### For the Creamy Creole Sauce:

2 tbsp unsalted butter  
1 small onion, finely chopped  
1 green bell pepper, finely chopped  
2 celery stalks, finely chopped  
2 cloves garlic, minced  
1 cup heavy cream  
½ cup chicken broth  
2 tbsp garlic infused honey  
1 can (14.5 oz) diced tomatoes, drained  
1 tsp Creole seasoning  
½ tsp thyme  
¼ tsp cayenne pepper  
Salt and pepper to taste  
2 tbsp fresh parsley, chopped  
1 tbsp lemon juice

### DIRECTIONS:

Preheat your oven to 375°F (190°C).

Prepare the fish: In a small bowl, mix together paprika, garlic powder, onion powder, cayenne pepper, salt, and pepper. Rub this mixture evenly over both sides of the red snapper fillets.

Heat the olive oil in a large oven-safe skillet over medium-high heat. Add the fillets and cook for about 3 minutes on each side until golden brown. Transfer the skillet to the preheated oven and bake for an additional 8-10 minutes, or until the fish is cooked through and flakes easily with a fork.

Prepare the creamy Creole sauce: In a large saucepan, melt the unsalted butter over medium heat. Add the chopped onion, green bell pepper, and celery. Cook until the vegetables are softened, about 5-7 minutes. Add the minced garlic and cook for another minute.

Stir in the heavy cream, chicken broth, garlic infused honey and diced tomatoes. Add the Creole seasoning, thyme, cayenne pepper, salt, and pepper. Bring to a simmer and cook for about 10 minutes, stirring occasionally, until the sauce thickens.

Remove the sauce from heat and stir in the chopped fresh parsley and lemon juice.

Serve the fillets topped with the creamy Creole sauce. Garnish with additional fresh parsley if desired.
